THE GREEK CHORUS

The Panel's perspective

Eva Werner, Austria

"The *chorus* was the central feature of *Greek* drama ..." (www.Britannica.com)

Reflections on experiences from the procedures

eca

CeQuInt is different from other QA procedures ...

and it requests us to change our perspectives ...

į Î ñ ț é ț ň å t ĭ ø ň â ļ î ş ä ţ î ð ñ ?

The panel's approach

The self-evaluation report – the travel map for the procedure, the framework – the navigation system

- Report helps panel to get a picture of the institution/the programme
- Report determines the goal and travel stops, ie.the standards and subcriteria

¿Îñţéŗňåŧĭøňâļîşäţîðñ?

The panel's challenges

eca

- Focus on what the institution/ programme intends to achieve ...
- Take the institution's/ / programme's goals as starting point for the journey
- Jump into the boots of the institution /programme ...

¿Îñţéŗňåtĭøňâļîşäţîðñ?

The panel's challenges

- Put on "framework glasses" and follow the road ...
- Assess what the institution/ programme demonstrates with reference to the standards and set goals ...

¿Îñţéŗňåŧĭøňâļîşäţîðñ?

The panel's challenges

"We're not doing an accreditation procedure"

We're not starting out with "this is what has to be done"

BUT:

The institution/programme has to explain the WHAT to achieve, the WHY, the HOW to achieve and which impact / outcomes all this shall have (FOR WHAT).

¿Îñţéŗňåŧĭøňâļîşäţîðñ?

This is why ...

eca

... CeQuInt is different from other QA procedures ...

and it requests us to change our perspectives ...

Observations from the procedures

eca

Some challenging points both on institutional and programme level exemplary

į Î ñ ț é ț ň å t ĭ ø ň â ļ î ş ä ţ î ð ñ ?

Observations from the procedures

eca

The report tells a lot, but not all and everything

As some subcriteria are interlinked - distinctive description sometimes difficult

Discussions during the sitevisit were beneficial for clarification

Perceived challenge #1 (Standard 1)

Intended internationalisation

- its goals
- its objectives
- its evaluation/impact
- stakeholder involvement

ouropean consortium for accreditation

¿Îñţéŗňåŧĭøňâļîşäţîðñ?

Perceived challenge #1 (Standard 1)

Observation of challenges on the side of the institution/ programmes

eca

- Linkage between goals (WHAT and WHY) and objectives, (HOW) and impact explicit consistency
 - Verifiable/Measurable objectives (quantitative vs. qualitative – how much quantity does quality allow/need?
- Consideration of stakeholders
- Means/Tools of evaluation and monitoring (old version)

Programme Example: Saarbrücken Report:

eca

... clear, concise, stringently formulated and convincing goals and rationales for internationalisation, (...) underpinned by consistent objectives and evaluation practices...

Site-visit: reinforced the report

.... the strong commitment to and support from all interviewees to the internationalisation goals comprising several groups of stakeholders, the demonstrated attainment of these goals through students and alumni

¿Îñţéŗňåŧĭøňâļîşäţîðñ?

Perceived challenge #2 (Standard 2 IL)

Action plans

european consortium for accreditation

Îñţéŗňåŧĭøňâļîşäţîðñ?

Perceived challenge #2 (Standard 2 IL)

eca

Observation of challenges on the side of the institution/ programmes

- Consistency between objective and action plan – fit for purpose
- Coverage of the various dimensions
- Different disciplines, different action plans – but institutional goals

; Îñţéŗňåŧĭøňâļîşäţîðñ?

Institutional Example: Laurea

ecu

Laurea (...) has diligently implemented the International Strategy through the Learning by Developing model (LbD) (WHY; WHAT) comprising teaching, learning and research as well as students and staff (dimensions) and the strategically defined four action lines for internationalisation.

Derived from these action lines

(...) due to the specific unit action plans the institution succeeded in implementing in all units a clear and unit-adequate focus on internationalisation. (...)

¿Îñţéŗňåŧĭøňâļîşäţîðñ?

Perceived challenge #3 (Standard PL & IL)

International and intercultural learning outcomes

european consortium for accreditation

Perceived challenge #3 (Standard PL & IL)

Observation of challenges on the side of the institution/ programmes

- Explicit and transparent description
 of LO
- Correspondence of defined international and intercultural learning outcomes with the intended internationalisation goals

Îñţéŗňåŧĭøňâļîşäţîðñ?

Perceived challenge #3 (Standard PL & IL)

Observation of challenges on the side of the institution/ programmes (cont)

eca

- Integration of ILO into the overall learning outcomes of a programme
- Demonstration of attainment
- Assessment methods
- Graduate achievement

Discussions with different groups helped a lot with clarification

Programme Example: Medical Studies at UZSM, international and intercultural LO

(...) UZSM applies internationally recognized formats for specific practices and attitudes such as an Objective Structured Clinical Examination (OSCE) (...)

(...) particular attention is paid to intercultural LO when it comes to assessing students' communication skills, (...) with a view to the cultural differences that become evident in specific clinical practices.

(...) graduate achievement of the intended international and intercultural learning outcomes is demonstrated through numerous successful licensing procedures that graduates have undergone.

¿Îñţéŗňåŧĭøňâļîşäţîðñ?

Conclusions

eca

Combination of self-evaluation report and site-visit helps to understand the institution / the programme, and gives a "live feeling" of how internationalisation is perceived and lived in an institution/ programme.

Conclusions

A rather challenging procedure for both sides ...

YET:

Not just another procedure but

- Forces institution/programme to reflect on where to go and why and how
- Raises awareness to what contributes to internationalisation
- Fosters a comprehensive approach

¿Îñţéŗňåŧĭøňâļîşäţîðñ?

Conclusions

elca

 Enhances the change in understanding internationalisation as a multifacetted driver for quality.
