# Aims and objectives

---

Main aim:

To support efficient implementation of the European Approach for Quality Assurance of Joint Programmes

Objectives

1. Identifying key obstacles in implementation of the European Approach in the European Higher Education Area and project partner countries;
2. Supporting QA agencies in running EA-based programme accreditation procedures (ex ante and ex post)
3. Supporting HEIs in pursuing the external accreditation based on the EA
4. Developing a EA implementation toolkit (set of recommendations and proposed solutions for the policy makers and QA agencies)

# Key actions

---

1. Setting the scene – Kick-off conference – current stage of implementation of the EA
2. Capacity building – trainings for panels and information meetings for HEIs
3. Pilot procedures - 3 ex post and 1 ex ante
4. Analytical report on pilot procedures – obstacles and ways forward
5. EA implementation toolkit
6. Multiplier and dissemination events - national and international

# Desired impact

---

- Speeding up implementation of the European Approach
- Providing feedback to the ministries and the BFUG on possible improvements of the European Approach
- Increasing HEIs willingness to develop joint programmes by reducing bureaucratic barriers
- Increasing internationalisation of the accreditation procedures by increasing number of experts with relevant knowledge and experience

# Role of the ECA

---

- training of experts for pilot procedures
- develop EA implementation toolkit
- contribute to all other project intellectual outputs and events
- contribute to the dissemination activities

Thank you!
