- **International mobilities (outgoing & incoming)**
 - no longer compulsory for 4° and 5° year students
- **Internships & final projects in industry**
 - suspension of minimum 28 week rule
 - flexible duration and terms of final overall projects
 - overlapping to following academic year without tuition fees or impact on official graduation year.
- **Apprenticeship tracks**
 - preserve the original calendar and pedagogical continuity
 - adapted terms to achieve the learning outcomes of foreseen periods in industry

Provided that:

- ⇒ Not penalise students on the programme
- ⇒ Ensure the achievement of all programme outcomes
- ⇒ Adapt the teaching & learning methods and the conditions for the validation of the degree
- ⇒ Describe the adaptations in an annex of the study regulations
- ⇒ Have relevant boards endorse the adaptations
- ⇒ Disseminate the measures taken to students and other stakeholders
- ⇒ Put into place an individual follow-up of students, especially if in a fragile situation
