

"Automatic Recognition in 2025"

The AR25 European Dissemination Conference

Date: 16 April 2025
Time: 9:30 - 11:30 (CEST)
Place: Virtual

About

Interested how you can apply automatic recognition within 30 seconds? Or how to improve recognition in your admissions procedures? What about recognising micro credentials?

Please come and join us on a two hour journey towards automatic recognition!

This conference provides a sneak preview of the main outcomes of the Erasmus+ NARIC AR25 (2023-2025) project. The main purpose of this project was to support the 2018 [Council Recommendation on promoting automatic mutual recognition of qualifications and learning periods abroad](#), through the exploration of hands on tools and approaches.

AR25 refers to 2025 - the year automatic recognition should have become a reality. While the new deadline meanwhile shifted towards 2030, we have come a long way in Europe and this conference shows and shares new insights where we are in 2025.

This is a "hop on / hop off" event: we will cover a wide range of topics, and the programme is designed such that you can decide to join for a few or all items.

For whom?

This conference targets: higher education institutions, quality assurance agencies, ENIC-NARICs, Ministries of Education and all others working in the field of recognition of foreign qualifications and admission to further studies.

Programme

09.30 - 09.40	Welcome	Project coordinator
09.40 - 10.00	Practice automatic recognition now: the EHEA qualifications table - Can you apply AR in 30 seconds?	Allan Bruun Pedersen, Ministry of Education Denmark
