Accreditation in Higher Education

## ECA' SUCCESS STORIES WEBINAR 2025

**Wednesday, 10 December 2025**

---

### **It has been a busy year... let's now share our success stories!**

In December, the ECA is inviting you to an online event to celebrate the key moments of 2025! All member agencies will have the opportunity to share their main achievements of the year and draw inspiration from others. ECA will also present the network's milestones and open the discussion to upcoming projects in 2026.

**This event is open to all staff members of ECA's member agencies. We would like to warmly encourage agencies to extend the invitation to all interested colleagues, not only to the usual ECA representatives.**

To support the preparation of the event, each participating agency is kindly asked to confirm its participation by **1 December 2025** and send the following information to **secretariat@ecahe.eu**:

- *name of the presentation (make it catchy!)*
- *5 slides (max) PPT presentation regarding one key achievement in 2025. This achievement can be of any kind – (if possible, please pick an original practice or fact that was not already shared to an international audience during the year).*

Moderators: Amélie Bensimon (Hcéres) and Sebastian Steele (UKÄ)

### **Draft programme:**

**13.00 – 13.15**
